

# *Out of the Blue*

AUSTRALIA

by **RICHARD WOLDENDORP AM**

## ABOUT THE BOOK

Australia is a country of diverse landscapes that seem endless. The flat plains of the outback give way to undulating mountain ranges, serpentine rivers and rugged coastlines. Through striking photographs *Out of the Blue* explores Australia's natural history and how the continent evolved. From the weathering winds of time to human design, the stunning patterns, colours and vibrancy of the land come to life in Woldendorp's amazing aerial photographs.

## ABOUT THE AUTHOR

Richard Woldendorp was born in Utrecht, Holland, in 1927. He has lived in Australia since 1951. He was named Australian Photographer of the Year for his landscape photography and now specialises in photographing the Australian landscape from the air which has led to extensive travels throughout the country. His photographs have been exhibited in Australia and overseas. He was made a State Living Treasure for his contribution to the Arts.
